19:41:46 From Tamara Richards To All Panelists : What is a sweet

spot for the amount of email you should send after a masterclass/  
workshop?

19:47:39 From Marcia Armstrong : i like that

19:47:40 From Tamara Richards To All Panelists : I'm a little  
conflicted if I should offer a sales page (like what I have) to sale  
my macro coaching or just a page that list what the program is and  
what's included? I've seen people do the second option, so I'm  
becoming conflicted if I should change my page around. What have you  
seen that works?

content for social media and sometime feel the need to be formal on LI  
and more relaxed on the other platforms. What tips do you have for  
balancing and showing up as me across any platform?
